Column for Sustainability Leaf

The issue of sustainability, undoubtedly is an eternal as well as an inevitable need. Our institute, since its inception, is making timely endeavours to match the pace of sustainability issues and create awareness among our students, members and other stakeholders. However, considering the increasing speciality in the subject globally, a need was felt to constitute a Sustainability Standards Board (SSB). In its maiden meeting held on January 18, 2023, the SSB felt the need to educate the masses in general and our members in particular on recent developments in Sustainability. The board, hence decided to come out with an exclusive section in The Management Accountant Journal titled “Sustainability Leaf”.
